Quilt Construction:

1. Trim off the selvages and sides of the panel, leaving 1/4" on the outside of the yellow dashed stripes.
2. Cut 4 black fabric strips, each measuring 1" x 42/44". Sew a strip to the top side of the panel, and one to the bottom side. Press and trim off the excesses on both sides. Sew a black strip to the left side of the panel, and one to the right. Press and trim off the excesses on both sides.
3. Cut 4 red winding road fabric strips, each measuring 3 1/2" x 42/44". Sew a strip to the top side of the panel, and one to the bottom side. Press and trim off the excesses on both sides. Sew a red winding roads strip to the left side of the panel, and one to the right. Press and trim off the excesses on both sides.
4. Embellish your quilt top! Use fabric photo transfer sheets (following individual manufacturers directions) to create photos for the photo blocks, or transfer the photos onto Peltex® 72F for fabric postcards which you would then place on the quilt. Other suggestions for embellishing include adhering small trinkets collected from vacations to the quilt top, affixing scrapbooking travel stickers, pinning travel pins, etc. Have fun with this - make the quilt a fabulous memory of your trip!
NOTE: should you wish to reuse the panel for subsequent vacations, make sure that any embellishing is temporarily adhered to the quilt. For example - use Velcro™ sticky back dots to adhere photos, fabric postcards and trinkets.
5. Sandwich your quilt with the batting and backing fabric. Quilt as desired. Trim excesses, and bind per your favorite method.
